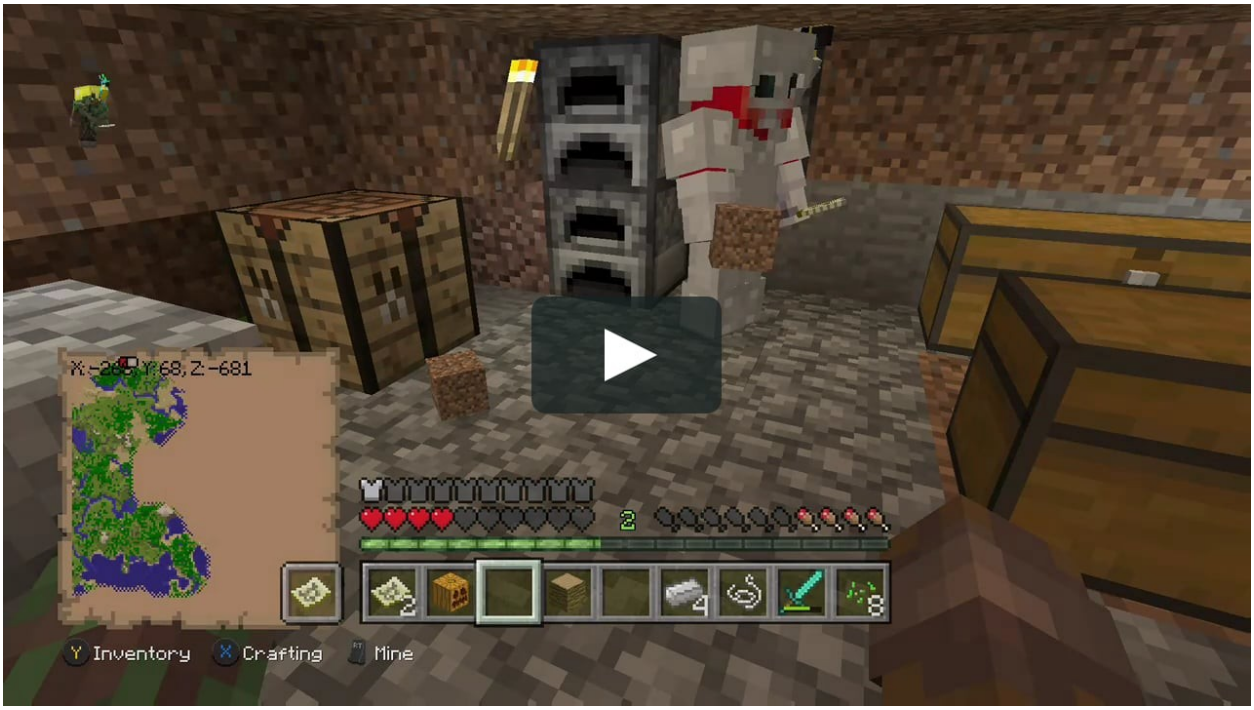
The Return of The Shapeshifter

Chapter 1 The Return of The GOD



I never thought that this would happen. He’s back. He is murdering my friends again.
I saw him killing people in silence and turning into them. He is back. After he terrorized my best friend Karen, I never saw her again. She was reported missing. I know that he did it. There is no way she and her friends could go missing that easily. I was on the server when it happened. I saw them on the kill feed. Then They went missing. It is not a coincidence. He killed them in minecraft, He Killed them in real life. I’m next.
End of Chapter 1

Chapter 2 The rejoined server

I rejoined the infected server. That is the only way to defeat him. To kill him in minecraft. I am going towards him. Wish me luck.

You will fail…

I left speech to text on. But HE CAN”T SPEAK! The only way that that could have happened. He is in real life… this is bad……

I am writing here again after a few days. I thought there was no hope left but I think I found a way to defeat him! It involves a few redstone dust pieces and LOTS of pistons. He is going to BURN.
